

Excellent **biosecurity** is
your **farm's** best **defence**
against a **disease** outbreak.

A complete
lack of animal
WELFARE

Business
and financial
LOSSES

A disease
outbreak on
your farm
can cause:

A significant
reputational
IMPACT

Prolonged
operational
DOWNTIME

Significant
effects on
mental
HEALTH

Livetec Systems understand that
an outbreak can happen to anyone.

Our contingency plans are
designed to support you in the
worst case scenario, informed by
decades of experience in notifiable
and non-notifiable disease
outbreaks.

Collaborated based on your needs
our plans provide easy to follow
guidance and checklists to ensure
you can return to business as
quickly as possible.

How our plans help:

- **Minimise business losses**
- **Reduced operational downtime**
- **Protect your reputation**
- **Increase animal welfare**

Our in-depth plan is acknowledged
by insurance underwriters and
adopted by Defra and the NFU.

Livetec
systems

**You cannot afford
for biosecurity to
be an afterthought.**
